

HackSoc - December Event and Spring Semester 2025 Event Planning

24/11/2024

Points Of Discussion

- Planning last events of Autumn Semester
- Planning what events to run for Spring Semester (including setting AGM date)
- Overhauling the Discord server (channels and roles)

Attendance

- Eva
- Harry
- Indraneel
- Qiang
- Manasi
- Nishi
- Lana
- James

Meeting Minutes

- If leading an event, you should add it to the calendar
- Advertise Lightning Talks event 2 weeks before, 1 week before and on the day
- Instagram event template -> should make a post for every event

- James will book Rose and Crown for Lightning Talks for 10th December
 - £100

- Lana's Lecture Slide Karaoke
 - Lana has sent desired module slides in committee chat
 - MCS2 (from current 4th years) - Eva
 - AFP - Mark
 - MDP - James
 - Fuzzy Logic - Eva
 - C++ - Eva
 - AIM (hyper heuristics) - Mark
 - DBI - Lana
 - DMS - Lana
 - ML - Harry
 - LAC lecture notes - Nishi
 - bonus : Harry teaches Lana IFR

- Indra will run Advent of Code event

Fix Discord server

- Give people the actual roles -> no one on committee has admin roles -> give to Eva, Indra and James
- Deal with unnecessary and old text and voice channels (including the closed tickets)
- Try and separate main committee chat and past committee chats
- Qiang will back up any info in channels to delete

Spring Semester Events:

- 28th January - Qiang - Python workshop 2
- 4th February - Graham Hutton FP talk
- 11th February - Indra - Rust workshop
