3. Weekly Meet-ups

Ideally 6-8PM in the evenings

Informal meetup, less a workshops

Booked in C80

Friday Afternoon

4. Financial Resources

Purchases should generally be for fix rate assets

Subscriptions aren't really feasible

Books are complicated because they're hard to

Budget should generally be acquired through sponsorship

Old Business

1. Term 1 Speaker Events Update - SK

Andrew Seward at Welcome

Pete Gallagher IoT Talk - Ideally beginning of term

2. Term 1 Schedule - PF

15 events seclude in the first five weeks in Drive

3. Discord Conduct - AD

All text based communications need to be 'clean' and respectful when referring to other individuals

4. Additional I. Lab Keys

Alexi to chase up Gemma

New Business

1. Hack 2020 Information

December 14/15

No issues raised about running it through HackSoc for SU Insurance

2. MLH Coach Pallet

3. MLH Local Hack Day (Learn) - October 12, 2019

4. AI Gaming Mini-Hackathon - October 17, 2019

Primo to confirm that this event is still happening with the AI Gaming team

5. Zain Graphic Work for HackNotts

Tabled - Talk Offline

6. Discord Memberships

7. Margins Photos Comments

The Good

It's a good documentation of someones experience at margins

They do a decent job of capturing the atmosphere of the event

The Bad

11 days late on a 15 day delivery is unacceptable - Contract compliance went out the window

Image quality of photos is low - i.e. lots of grainy photos and colour distortion

They should've allocated the time to edit when agreeing to do the work

43 would qualify as event photos - i.e. non-portrait non-still-life

29 of the photos were duplicate subjects

Photo 22 - Poor lighting conditions lead subjects not being exposed in a way suitable for distribution

In general, equipment and settings were not appropriate for the venue

8. Any Other Business

Next Meeting:
